Kahani — a story worth tasting

03

The Story

Kahani means "story" in Hindi and Urdu. This concept builds the brand around that meaning — a **K** monogram seal on the left, elegant italic script for the name, and the line "*a story worth tasting.*" Layered and narrative-driven; ideal for events, catering proposals, and high-end print.

BEST FOR: EVENTS & CATERING · PACKAGING · PREMIUM PRINT · WEBSITE HERO
